Henri Bounamaux: Welcome address

Main affiliation: Faculty of medicine, University of Geneva

Actual Position: Dean

Henri Bounamaux is professor of medicine and Dean of the Faculty of medicine of the University of Geneva. At the University Hospitals of Geneva, he acts as Director of education and research, and as a Senior consultant in the Division of Angiology and Hemostasis of the Department of medicine. His research interests cover all aspects of venous thromboembolism, from epidemiology and diagnosis to prevention and treatment. He has authored more than 400 papers in peer-reviewed journals in the fields of internal and vascular medicine. He has received several prices during his career including the Theodor Naegeli International Thrombosis Award (1995), an Investigator Recognition Award (2003) and a Distinguished Career Award (2009) from the International Society on Thrombosis and Haemostasis. Since January 1st, 2019 Professor Bounamaux is the Vice-president of the Swiss Academy of Medical Sciences.
