

## IgBIG Spring 2017

*Note: All meetings take place on Tuesdays, 12:15-13:45 in the **bâtiment des philosophes, room 102** (street address: Boulevard des philosophes 22—not to be confused with the Department of Philosophy!)*

- |             |   |
|-------------|---|
| 21 February | Lorenzo Casini on “Horizontal Surgicality and Mechanistic Constitution”   |
| 28 February | Martin Wasmer (ETHZ) on practices in evolutionary biology   |
| 7 March     | Joshua Babic, Lorenzo Cocco and Michal Hladky on Joseph Woodger’s <i>The Axiomatic Method in Biology</i> (1937) |
| 14 March    | Woodger continued   |
| 21 March    | Raphael Scholl on “Stability without Stasis: Ambition and modesty of realism about true causes”                 |
| 28 March    | <i>No meeting (Marcel speaking in Basel)</i>  |
| 4 April     | Luigi Scorzato on “Science and Illusions” ( <i>joint meeting w/ Geneva Symmetry Group</i> )                     |
| 11 April    | Guillaume Schlaepfer on <i>a priori</i> knowledge in evolutionary biology                                       |
| 18 April    | <i>Easter break</i>   |
| 25 April    | Will Bausman on “Understanding the inference from scientific practice to metaphysics as an adaptive inference”  |
| 2 May       | Maria José Ferreira Ruiz (University of Buenos Aires) on information in biology                                 |
| 9 May       | Michal Hladky on simulation in neuroscience   |
| 16 May      | Andrea Loettgers on modeling and experimentation  |
| 23 May      | François Pellet on “Disease and Its Kinds”  |

All readings can be found on [chamilo.unige.ch](http://chamilo.unige.ch)
