

SPACE ENTREPRENEURSHIP

How is space conquered today?

FREE EVENT - LIMITED SEATS, PLEASE REGISTER : <https://goo.gl/Q2g2ow>

Photo : NASA - "Earth from Hubble"

Despite complexity of the extreme outer space conditions, the inaccessibility of satellites in operation, the long run to generate revenue, entrepreneurs continue to dream big and far ahead.

Why space entrepreneurship is so present today after years of status quo?

Do space entrepreneurs introduce innovative management practices?
