French

Passive knowledge of English is required.

CONDITIONS OF REGISTRATION

www.unige.ch/conditions/MA

ADMISSION CONDITIONS

A Bachelor of Education. Applicants with a Bachelor's or Master's degree in social sciences may also be admitted upon approval by the programme committee and completion of a complementary certificate in education consisting of a tailored curriculum within the Bachelor of Education.

Master's Programme

EDUCATION - ANALYSIS AND INTERVENTION IN EDUCATIONAL SYSTEMS

The Master in Education - Analysis and Intervention in Educational Systems is designed for people who seek the training necessary for research in education and for intervention in education systems, and who would like to work in academic research, inspection/assessment, evaluation, or the design of education programmes. This Master's programme offers courses and an internship that (1) develop students' knowledge of learning processes, teaching methods, educational settings, the functioning of education systems, and education policies; (2) prepare students to design educational intervention measures; (3) reinforce methodological skills (scientific reasoning, assessment, oral and written presentation of results) and guarantee mastery of quantitative and qualitative tools for research in education.
