

Open Access at UNIGE : the road is open!

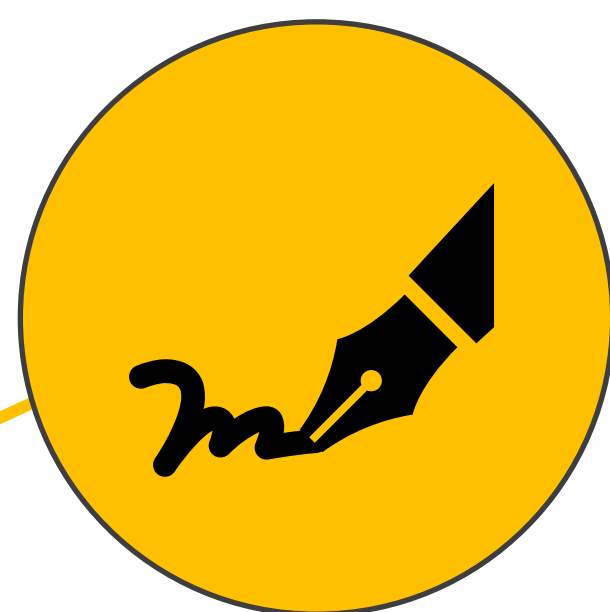

Archive ouverte

- taking the **green road** to Open Access
- making publications accessible while respecting the conditions negotiated with their publisher (embargo, version)

Publication support fund

- **covering APC charges** (also for books / BPC)
- main requirements: publish in a journal listed in DOAJ and sharing the publication in the Archive ouverte

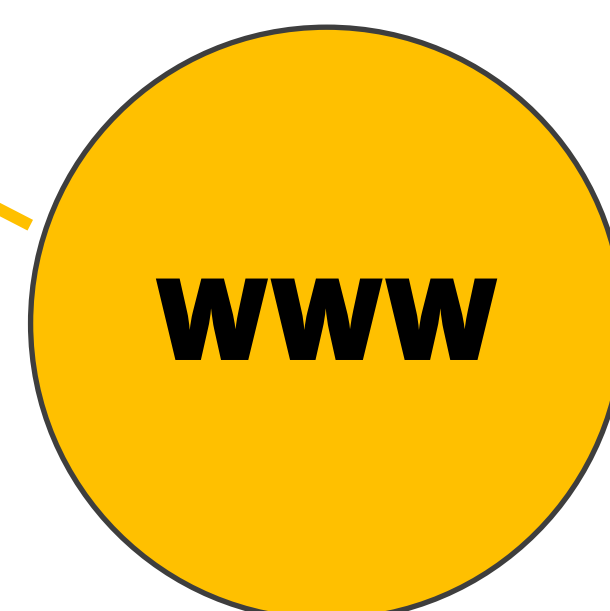

Agreements negotiated with publishers

- taking advantage of the agreements negotiated with some publishers to **publish in OA for free** or at favourable conditions

Open Access Publications

- **publishing a journal** in Gold OA without worrying about IT maintenance or workflow management

Website www.unige.ch/oa

- **finding answers** to many questions related to OA and scholarly publishing
- contacting specialists from the library

«Rendez-vous de l'information scientifique»

- **training** quickly (15'-1h) and efficiently on OA-related issues (such as: «Publish in OA», «ORCID identifiers», «Creative Commons Licenses», «Predatory publishers»)
