

# The OA Swiss Army Knife

All the tools in one handy spot

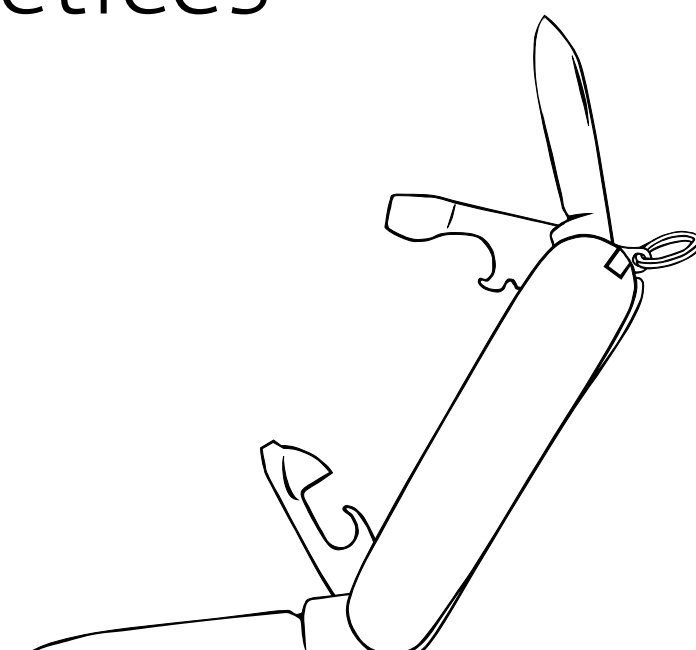

## Checking the OA compatibility of your favourite journals

- 💡 **Sherpa Romeo:** journal policies relative to the green road
- 💡 **DOAJ:** directory of fully Open Access journals
- 💡 **Cabells:** list of journals to avoid because of predatory practices

Funder-specific tools:

- 💡 **ChronosHub** (SNSF)
- 💡 **Journal Checker Tool** (cOAlition S)

## Getting potential charges covered

1. Use **your funding organisation's tool:**  
e.g. ChronosHub (SNSF articles) or mySNF (SNSF books)
2. Webpage on **agreements between UNIGE and publishers:**  
check if such an agreement exists and follow the procedure
3. **UNIGE publication support fund:**  
request financial support if the conditions are met

## Making publications open and visible

- 💡 **SNSF OA Check:** check your OA rating and how to improve it
- 💡 **Archive ouverte UNIGE:** share your publications as accepted manuscripts if the published version cannot be freely distributed

## Finding Open Access content

- 💡 **Archive ouverte UNIGE:** for UNIGE publications
- 💡 **Unpaywall:** browser plugin to search seamlessly in all open access repositories
- 💡 **DOAB:** directory of fully Open Access books
- 💡 **DOAJ:** directory of fully Open Access journals
