- 6) We look forward to meeting you in Trnava!

Hands-on workshop:

During this two-and-a-half-day workshop, participants will learn how to construct and deploy their own LARA-content and contribute to the development of an open source platform.

Poster session:

One poster session will be organized on the first day of the workshop. Please bring printed-out posters with you. The posters will, however, be available during the whole time of the workshop and participants can keep on accessing them during coffee breaks and free time.

Proceedings:

Selected posters will be invited to publish an article about their research in the upcoming enetCollect proceedings.

Optional trip:

On the last day of the workshop (Day 3, between 14:00-20:00), there will be an organised trip to a local mill, which is a historical building and a local winery business run by a family. Information about it can be found [here](#). The price is EUR 54 per person (min. 15 persons need to be registered in order to run the tour) and includes private transport by bus, entrance fee and guidance, wine tasting, traditional dinner “duck feast”. Registration is upon arrival to the workshop on Day 1.
