The Panel will endeavour to create bridges between practitioners and the academic community, with practitioners giving 'insider accounts' of the tectonic shifts occurring within intergovernmental organizations' (IGOs') mandated activities, and academics providing a holistic and theoretical overview of IGO change. The Panel aims to tease out the complexities inherent to the evolution of internal IGO law and find parallels or principles that apply across IGOs.

This Keynote Panel opens the symposium on the 'Evolution of IGOs: Initiatives and Enhanced Responsibilities' that will be held on 28th and 29th of July 2022 at the University of Geneva (under Chatham House rules and upon invitation). The symposium brings together distinguished practitioners and academics with expertise in the evolution of IGOs' activities and mandates. This symposium is the result of a research project of Professor Gabrielle Marceau (UNIGE, WTO) that has compiled close to 100 historical 'Initiatives' of IGOs as a response to crises or fundamental societal changes.
