## **STUDENT'S TESTIMONY**

"The main goal of my exchange was to learn French.[...] I attended the ADI program, [and] at first, it was difficult. But little by little, I started to understand and to speak. By the end of the program, I was very happy with my progress, and my teachers also told me that I had greatly improved my French."

*Karin O. Waseda University, Japan*

# — ADI —

ANNÉE D'IMMERSION

## What is it?

An intensive French as a Foreign Language (FLE) course program provided in French at the University of Geneva.

## Who is it for?

International students who have taken French at their home university and are in their 2nd or 3rd year of study.

## What outcomes are to be expected?

Reach and consolidate at least the B1 level on the CECRL scale.

## What entry level is needed?

A2 level achieved, on track to B1.

You should be able to :

- Follow a class tailored to non-French speakers but given entirely in French.
- Hold everyday conversations in French
- Write simple emails in French

© Jacques Erard, UNIGE

# PROGRAM

## What is the program's content ?

The ADI curriculum is organised in two units of French language courses and thematic courses in French. The program is held annually, beginning in September. It can be followed over a whole academic year or only one semester (typically the Fall semester, except under certain conditions)

### Unit one

General language courses, e.g. "Writing-grammar", "Oral activities", "Pronunciation" ( 13 hours per week)

### Unit two

Thematic courses on language, literature, and historical, social and cultural aspects of Geneva and the French Speaking world (5 to 7 hours per week)

# GENEVA & ITS UNIVERSITY

**GENEVA** is a cosmopolitan city, home to many international organisations. It is located in a central position in Western Europe and enjoys the proximity of Lake Geneva and the Alps. The city offers an extensive and diverse range of cultural activities

One third of **THE UNIVERSITY OF GENEVA**'s student's body is made of foreign students. It is also involved in many bilateral or multilateral agreements, networks and programs that promote student and teacher exchanges between universities.
