

## ATTENDEES

### Keynotes:

Claudia von Bastian (University of Sheffield, UK)  
Yvonne Brehmer (Tilburg University, NL)  
Klaus Rothermund (Friedrich Schiller University Jena, DE)  
Robert Stawski (Utah State University, US)

Nicola Ballhausen (Tilburg University, NL)  
Erika Borella (University of Padua, IT)  
Elena Carbone (University of Padua, IT)  
Myrto Dolcetti (University of Zurich, CH)  
Coline Grégoire (University of Tours, FR)  
Maximilian Haas (University of Geneva, CH)

Andrea Horn (University of Zurich, CH)  
Emilie Joly-Burra (University of Geneva, CH)  
Matthias Kliegel (University of Geneva, CH)  
Gianvito Laera (University of Geneva, CH)  
Charikleia Lampraki (University of Geneva, CH)  
Vanessa Loaiza (University of Sheffield, UK)  
Melanie Mack (University of Geneva, CH)  
Igor Matias (University of Geneva, CH)  
Clément Meier (University of Lausanne, CH)  
Tabea Meier (University of Zurich, CH)  
Marta Menéndez Granda (University of Bern, CH)  
Clément Naveilhan (Côte d'Azur University, FR)

Charlotte Pas (Tilburg University, NL)  
Sayonara Pereira da Silva (University of Geneva, CH)  
Jessica Peter (University of Bern, CH)  
Stephen Ramanoël (Côte d'Azur University, FR)  
Adriana Rostekova (University of Geneva, CH)  
Maud Saulay-Carret (Côte d'Azur University, FR)  
Chiara Scarampi (University of Geneva, CH)  
Loreen Tisdall (University of Basel, CH)  
Nora Turoman (University of Geneva, CH)  
Evie Vergauwe (University of Geneva, CH)  
Maud Wieczorek (University of Zurich, CH)  
Sascha Zuber (University of Geneva, CH)

## TUESDAY, 24.09.2024

13:20 – 13:30	Welcome address
13:30 – 15:00	<b>Klaus Rothermund</b> <i>Age stereotypes – core determinants of development in old age</i>
15:00 – 16:00	Coffee poster A
16:00 – 17:00	<b>Maud Wieczorek</b> <i>Identifying priorities for future social science aging research: an online modified Delphi study and survey among academic thought leaders, policy practitioners and active researchers in Gerontology</i>
17:00 – 18:00	<b>Loreen Tisdall</b> <i>Risk taking across the adult human life span: Exploring the role of measurement, constructs, and neural correlates</i>
18:00 – 19:30	Wine reception
19:30 – 21:00	Dinner

## POSTER SESSION A

<b>Nicola Ballhausen</b> <i>SWIFT – a Shared, Web-based, Intelligent Flexible Thinking Training for older adults</i>
<b>Gianvito Laera</b> <i>The role of metacognition in time-based prospective memory: a computational model and a preliminary empirical investigation</i>
<b>Charikleia Lampraki</b> <i>Lonely in the crowd? Loneliness and social isolation profiles as moderators of the link between hearing impairment and cognitive decline</i>
<b>Tabea Meier</b> <i>Emotion goals in younger and older couples' daily lives</i>
<b>Sayonara Pereira da Silva</b> <i>Cognitive reserve and ApoE-related risk of Alzheimer's disease: A systematic review</i>
<b>Maud Saulay-Carret</b> <i>Behavioral and mobile EEG study of the effects of motor and cognitive aging on spatial abilities across spatial scales</i>
<b>Marta Menéndez Granda</b> <i>Avoiding financial losses improves event-based – but not time-based – prospective memory in healthy older adults: an ultra-high field fMRI study</i>

## POSTER SESSION B

<b>Myrto Dolcetti</b> <i>Emotional synchrony during couples' dyadic coping interactions across the adult lifespan</i>
<b>Sascha Zuber and Emilie Joly-Burra</b> <i>Prospective memory and everyday functioning across midlife and old age – Findings from the Canadian longitudinal study on aging</i>
<b>Gianvito Laera</b> <i>An empirical study on autonomic prospective memory</i>
<b>Igor Matias</b> <i>Assessing cognitive performance fluctuations using passive continuous wearable data</i>
<b>Charlotte Pas</b> <i>Exploring spontaneous prospective memory across younger and older adults</i>
<b>Adriana Rostekova</b> <i>Pet ownership and cognitive decline: An exploration of the effect of individual pet species</i>
<b>Chiara Scarampi</b> <i>Unravelling cognitive reserve mechanisms in aging: The impact of metacognition</i>

## WEDNESDAY, 25.09.2024

09:00 – 10:00	<b>Clément Meier</b> <i>Examining social empathy and different health behaviors: findings from a population survey</i>
10:00 – 11:00	<b>Coline Grégoire</b> <i>A deeper and multi-paradigm exploration of metacognition in aging: the AgeFok project</i>
11:00 – 11:30	Coffee break
11:30 – 13:00	<b>Yvonne Brehmer</b> <i>Younger and older adults' thoughts and memory: How are subjective, objective and everyday life assessments related?</i>
13:00 – 14:30	Lunch
14:30 – 16:00	<b>Robert Stawski</b> <i>Considering the diversity of cognition(s) for understanding cognitive health and ageing</i>
16:00 – 17:00	Coffee poster B
17:00 – 18:00	<b>Vanessa Loaiza</b> <i>Bird is the word: How expertise moderates binding in working memory</i>
19:00 – 20:30	Dinner
from 21:00	Social event: <i>Visit to Morges</i>

## THURSDAY, 26.09.2024

09:00 – 10:00	<b>Stephen Ramanoël and Clément Naveilhan</b> <i>Where is my body? Investigate the impact of motor aging on spatial cognition</i>
10:00 – 11:00	<b>Melanie Mack</b> <i>An RCT on 12 weeks motor, cognitive or combined motor-cognitive exercise to improve dual-task walking in older adults: The role of baseline cognitive and motor fitness</i>
11:00 – 11:30	Coffee break
11:30 – 13:00	<b>Claudia von Bastian</b> <i>Mechanisms of cognitive training and transfer: The capacity-efficiency model</i>
13:00 – 14:30	Lunch
from 14:30	Farewell

## VENUE

Hôtel La Longeraie  
Route de la Longeraie 14  
1110 Morges  
Switzerland  
<https://lalongeraie.ch/>  
+41 21 804 64 00
