4TH SPS EARLY CAREER RESEARCHER DAY

**13th June 2023
9:30 – 17:00
University of Bern**

Participation is free for SPS members. Non-members can [sign up for a free one-year trial membership](#).

4th SPS Early Career Researcher Day

We have organised a workshop with different experts to help early-career researchers build their toolbox to navigate the academic career.

Audience: The 4th Swiss Psychological Society (SPS) Early Career Researcher Day addresses PhD students and postdocs from all fields of psychology who are enrolled/working at a University or University of Applied Sciences in Switzerland.

Goal: The event aims to provide early career researchers with opportunities to develop their research competencies in various areas, establish new contacts, build networks among themselves, and meet and work with international experts in the field.

Language: The event will be held in English.

Registration: You can register here: <https://forms.gle/RGvX3dmV8hMK1LYVA>. Workshop capacity is limited and places are allocated on a first-come, first-served basis. Please, note that participation is free for SPS members. Non-members can [sign up for a free one-year trial membership](#) and then also participate for free.

Food and drinks: Complementary soft drinks (coffee, tea, water) as well as lunch will be provided.

Venue: The event will be held at the University of Bern (building UniS), which is within walking distance (< 10 minutes) from Bern main station.

Contact for further information: Chiara Scarampi (chiara.scarampi@unige.ch)

We look forward to meeting you soon in Bern!

Chiara Scarampi and Matthias Kliegel
