

lemanic workshop on Schizotypy

December 5-7, 2013
Geneva, Switzerland

Aims and objectives

The concept of *schizotypy* occupies a place in different domains of clinical and psychological research.

The workshop aims to:

- ✓ Bridge the clinical, biological, developmental levels of investigation into an integrative framework.
- ✓ Foster dialogue between senior and junior researchers.
- ✓ Set questions that shape the future in schizotypy research.
