**CONTRAT D'ÉTUDE PROVISOIRE
PROVISIONAL LEARNING AGREEMENT
2023-2024**

COURSES TO BE ATTENDED AND RECOGNITION

The purpose of the Learning Agreement is to provide a transparent and efficient preparation of the study period abroad and to ensure that the student will receive recognition in his/her degree for the courses successfully completed abroad. This document is a provisional learning agreement. The below table states the courses selected by the student prior his departure, to be attended at the host institution, as well as the number of ECTS credits to be awarded upon successful completion. Nevertheless, the only authoritative document for the recognition of the credits will be the Definitive Learning Agreement that the student must fill in at the beginning of his semester abroad.

By signing this document, the student, the home institution and the host institution confirm that they approve the Learning Agreement and that they will comply with all the arrangements agreed by all parties. Home and host institutions undertake to apply all the principles of the Erasmus Charter for Higher Education and/or the SEMP Charter relating to mobility for studies (and potential principles agreed in the Inter-Institutional Agreement). The host institution confirms that the courses listed in the below table are in line with its course catalogue and should be available to the student. The home institution commits to recognise all the ECTS credits or equivalent units gained at the host institution for the successfully completed courses and to count them towards the student's degree. The student and the host institution will communicate to the home institution any problems or changes regarding the courses to be attended, responsible persons and/or study period.
