AI IN THE NON-PROFIT SECTOR

JOIN THE WORKING ROUNDTABLE EVENT

How can Generative AI be fully leveraged in the non-profit space?

Discover how organizations like WWF, ICRC, Friends of the Earth leverage Generative AI. Learn from the 2024 Mapping of opportunities and concerns around Gen AI across INGOs.

Work together to brainstorm key ideas for two main focus areas:

1. How to leverage AI and create responsible best practices within Non-Profits?

2. How can non-profits influence the governance and development of AI?
