

**PLAN D'ÉTUDES
2022-2023**

**Doctorat en Econométrie /
Ph.D. in Econometrics**

Doctorat en Econométrie / Ph.D. in Econometrics

Core courses / enseignements obligatoires (24 crédits)

Students can obtain up to 12 credits of equivalence for any core course(s) that may have already been successfully completed prior to joining the Ph.D. program. Any additional core course (beyond 12 credits) that would have also been already passed should be replaced by an elective course with the approval of the Scientific Committee.

Enseignement	Code	Disc. / Thém.	Semestre	Heures heb.	Crédits
Advanced Econometrics	S403078	Econométrie	P	2 + 2	6
Data Driven Impact Evaluation	S403116	Econométrie	A	2 + 2	6
The statistical analysis of time series	S403107	Statistique, Econométrie	A	2 + 2	6
Applied Economics Workshop	S601028	Econométrie	P	4	6

Elective courses / cours à choix (12 crédits)

Students must choose two courses (total of 12 credits) from one of the two tracks below. It is possible to replace electives by equivalent outside courses subject to the approval of the Scientific Committee. Examples of possible outside courses: Advanced courses in economics for doctoral students at Gerzensee Study Center or Doctoral Summer Schools in econometrics in any other recognized University. The Scientific Committee's explicit approval is required for all outside courses.

Methodology Track

Enseignement	Code	Disc. / Thém.	Semestre	Heures heb.	Crédits
Advanced Statistical Inference	S403109	Statistique	A	2 + 2	6
Modern Flexible Regression	S601032	Statistique	P	2 + 2	6
Financial Econometrics	S601034	Comptabilité, finance	A	2 + 2	6

Applied Track

Enseignement	Code	Disc. / Thém.	Semestre	Heures heb.	Crédits
International Finance	S601019	Economie	P	4	6
