

Application for admission to a doctoral program

The application form for admission to a doctoral program is required for all degree candidates EXCEPT those applying to the PhD in Life Sciences and to the following faculties: Faculty of Medicine, Geneva School of Economics and Management (GSEM), Faculty of Humanities and Faculty of Translation and Interpreting (FTI).

This form and all accompanying documentation will only be considered when submitted in association with a complete application for enrollment (or in association with the form “*réimmatriculation*” and/or “*changement de faculté*” available through admissions.unige.ch). The two applications will be decided upon separately: the application for admission to a doctoral program, processed at the faculty/institute level, is subordinate to the decision of the Admissions Office regarding enrollment eligibility.
