MONDAY NIGHT FEELINGS

Mondays, 18.30, room B007

An extra-curricular student discussion group, organised for students by students. Founded last semester to have a nonacademic (but not necessarily unacademic) forum in which to share personal responses to courses, literature and university life in general.

An opportunity to meet and get to know other students in an informal setting, have some nibbles and drinks and talk about anything and everything in a safe space. In case that all sounds a bit earnest, we also have plenty of outrageous, rollicking fun and laugh uproariously at regular intervals. All students welcome!
