

Dear all,

On **Friday 4** and **Saturday 5 December** 2015 there will be a workshop on “Belief, Credence and Action”. It will take place at the following address: 2 Rue Jean-Daniel Colladon, ancien Institut Européen, salle Denis Rougemont (2nd floor). The workshop is in English. Anyone is welcome to attend.

Program

Friday

14h-15h20: **Igor Douven** (Paris-Sorbonne), “New work on Inference to the Best Explanation”
15h30-16h15: **Jie Gao** (Edinburgh) and **Davide Fassio** (Geneva), “The Threshold View and the problem of statistical evidence”
16h30-17h50 **Jonathan Weisberg** (Toronto), "Belief in Psyontology"

Saturday

10h-11h20: **Julien Dutant** (KCL, London), “The dogmatism paradox”
11h30-12h15: **Jacques Vollet** (Geneva/Edinburgh), “How to avoid the pragmatic encroachment paradox?”

This event is funded by the FNS research project *Knowledge Evidence and Practice*. For any questions, please contact Davide.Fassio@unige.ch.

All the Best,
Davide Fassio
