

## INTERNSHIP AGREEMENT

According to the regulations of the Multidisciplinary Master in Asian Studies (Master Asie) of the Faculty of Humanities, any student can complete an internship as part of the research block of his/her master in a company, an organization or an environment directly related to the Asian world.

The purpose of the internship in a company/organization is to allow the student to carry out research work related to Asia. He/she should therefore be integrated in the company/organization into a project related to his/her research field. There is no minimum or maximum duration of the internship.

Following the internship, the student will have to write an internship report. In the company/organization, the student is placed under the direction of the *internship supervisor*, co-signer of this internship agreement. As for the educational and scientific validity of the internship report, the student is under the direction of the *master degree's director*, member of the teaching staff of the Master Asie, also co-signer of this internship agreement.

The student is bound by the same duties of diligence and discretion to the company/organization as other regular employees. The employment contract as well as the remuneration are left to the appreciation of the company/organization, in respect of generally accepted common standards.

During the internship, the student remains registered at the University of Geneva and enrolled in the Faculty in which he/she follows his training. He/she takes the necessary measures to be covered during his/her internship by health insurance and to take out insurance guaranteeing his/her own responsibility. The University of Geneva and the Faculty in which it is enrolled are in all cases released from any responsibility in this respect.

The Parties hereby acknowledge that

Mr. / Mrs. \_\_\_\_\_ is accepted to do

a \_\_\_\_\_ weeks / months internship, from \_\_\_\_\_ to \_\_\_\_\_ 20\_\_\_\_, at :

Address: \_\_\_\_\_
