

Lay out of the cohort information for the CITB Biobank

Cohort Name	Subarachnoid haemorrhage Berlin
Principal Investigator	Jean-Charles Sanchez
e-mail	Jean-Charles.Sanchez@unige.ch
Address	Dep.Med.Interne Specialites, CMU Centre Medical Universitaire, 1 Michel Servet, 1211 Geneva, Switzerland
Institution	University of Geneva and University Hospitals of Geneva
Cohort description	Subarachnoid Hemorrhage patients. Presence of vasospasm and infection in some of them.
Type	Longitudinal
Size	63 patients – Kinetics from hospital admission to 12 days after
Gender	Both
Age	>18 years old
Storage temperature	minus -80 C
Material types	Plasma, CSF, Microdialysis
Available data	Biological and Clinical data
Available diagnosis	
Sample access rules	Open to applicants for research Local Research Ethics Committee at Charite Virchow Medical Center
Ethical committee: CER number	
Commercial collaboration	No
Non-for profit collaboration	Yes Azurmendi L, Sarrafzadeh A, Tiberti N, Kapandji N, Sanchez-Peña P, et al. (2017) Infection prediction for aneurysmal subarachnoid hemorrhage patients at hospital admission: combined panel of serum amyloid A and clinical parameters. J Transl Sci 3: DOI: 10.15761/JTS.1000184
