	Approval date	Version
	14 OCT 2025	4.0

1. Objective

This document including Table 1 and Schemes 1-2 presents the current organization of the HIV Unit Research Team (UVIH) at the following institutions: University Hospitals of Geneva (HUG) and University of Geneva (UNIGE) (Table 1). The organization of the HIV Unit Research Team is illustrated in Scheme 1, and its collaborations with national (Swiss) and international research networks are presented in Scheme 2.

2. Responsibilities

The head of the HIV Unit, along with any delegated clinical research assistant, will ensure that the organizational chart is updated whenever team composition or organizational changes occur.

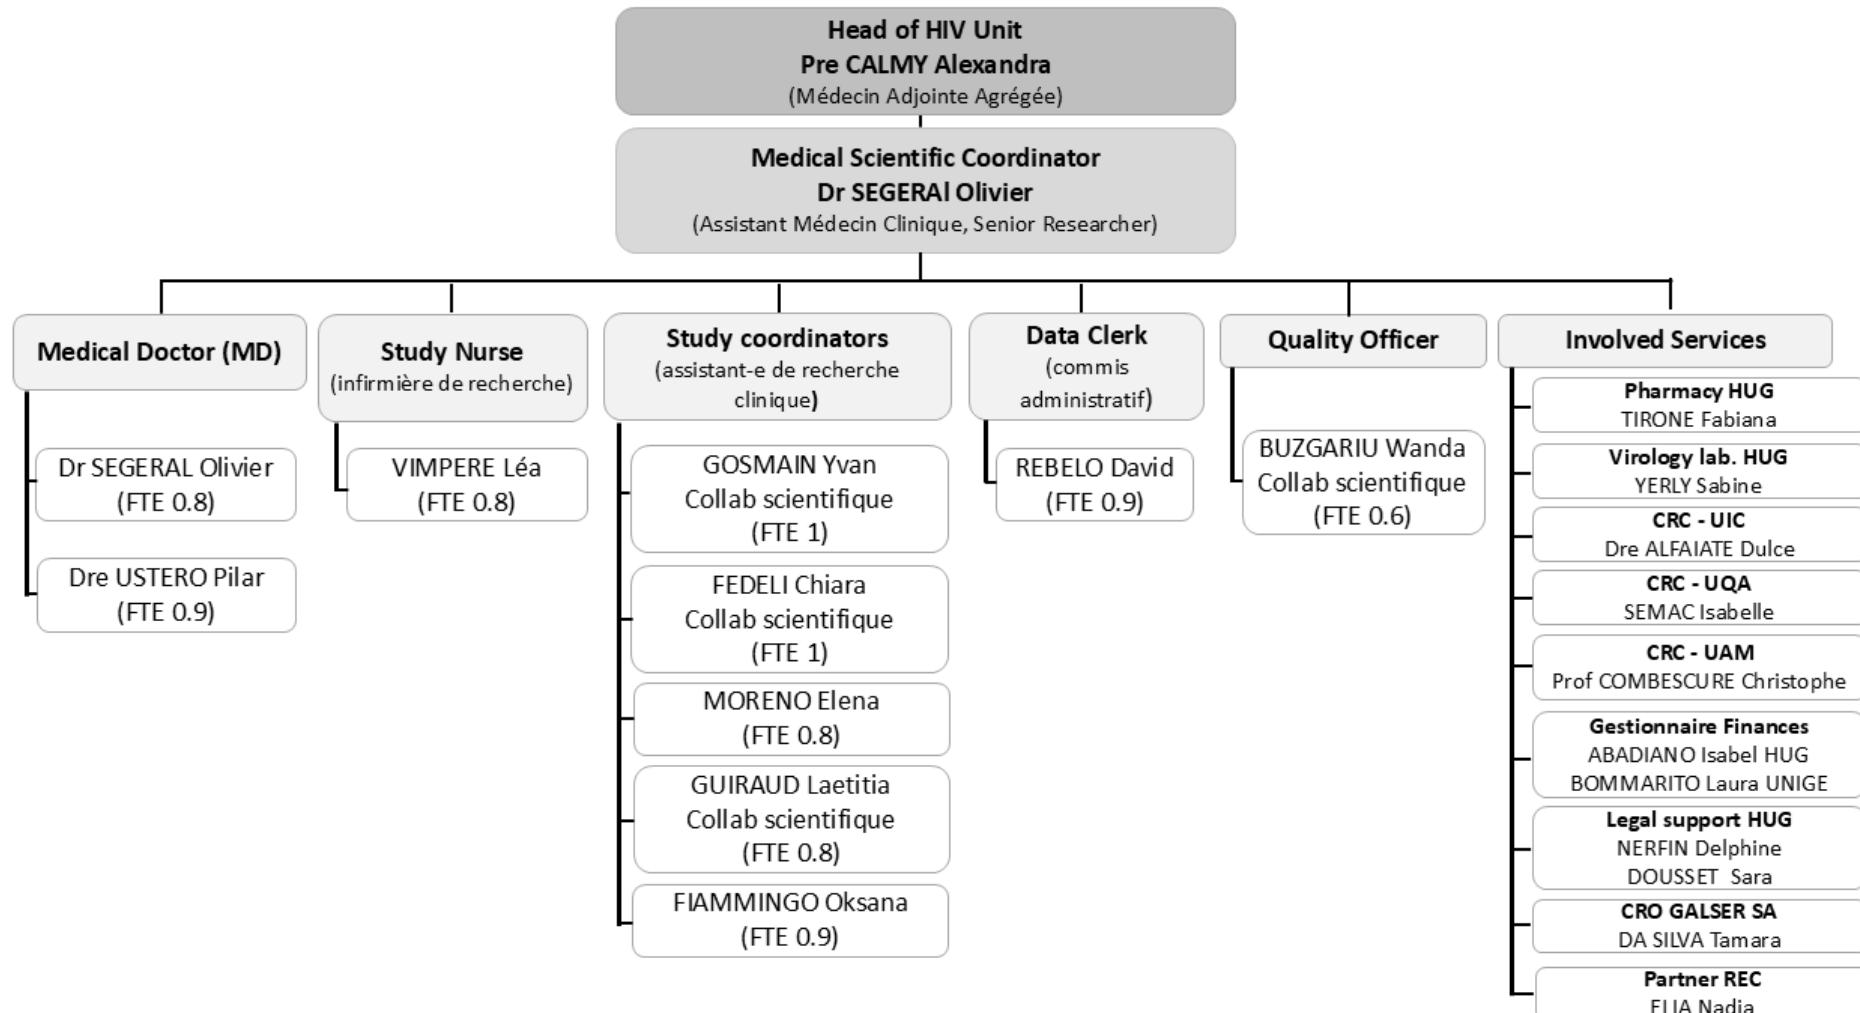

Abbreviations

- FTE: Full-Time Equivalent
- CRO: Contract Research Organization
- CRC: Centre de Recherche Clinique (Clinical Trial Unit)

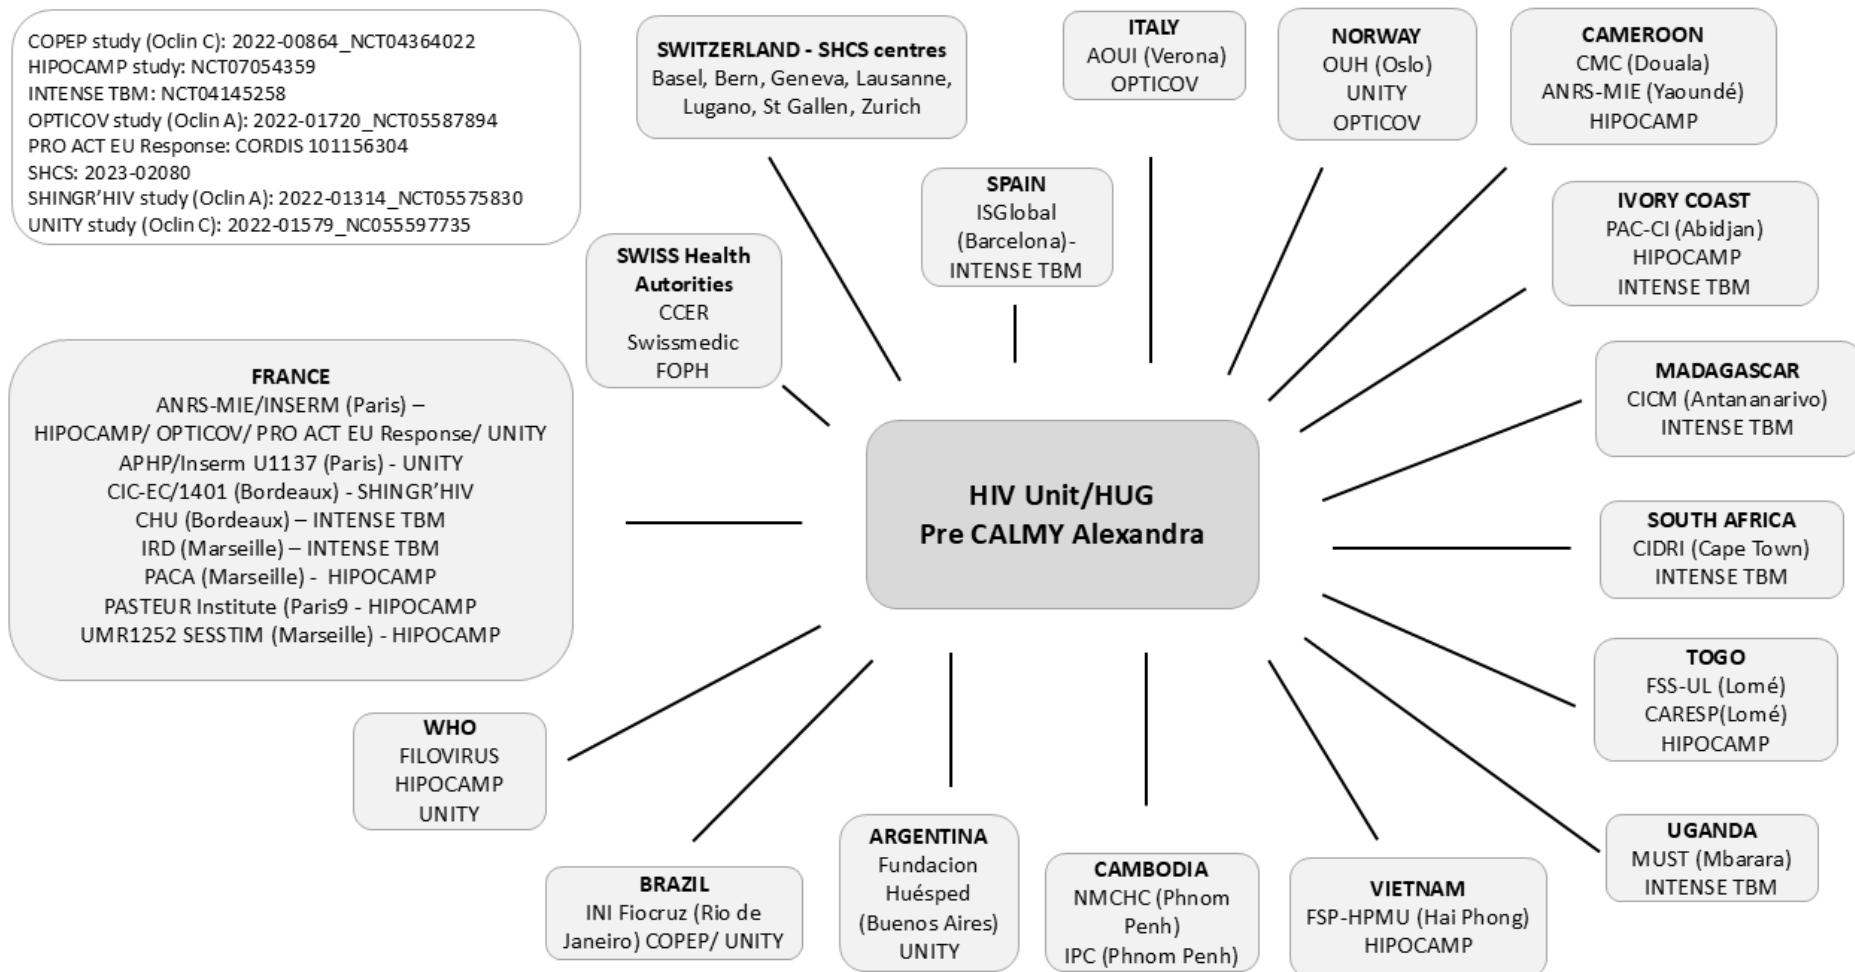

Table 1: Framework of clinical research at the institutions (HUG/UNIGE)

The framework of Clinical Research at University Hospitals of Geneva (HUG) / University of Geneva (UNIGE)
