

Faculty of Medicine 150th anniversary – Photography contest **Image rights & Legal notices**

- I accept the contest rules, in particular the obligation to provide accurate information and a creation that complies with the announced criteria.
- I declare that I hold the copyright to the submitted creation and guarantee its originality.
- I guarantee that the submitted creations do not reproduce, without authorisation, protected works or third-party trademarks, and that they do not infringe personality rights, image rights, or any other rights of third parties.
- I certify that, if identifiable persons appear in the image, I have obtained their consent for its submission to the contest as well as for its publication, and I agree to provide written authorisation from said persons upon request by UNIGE.
- If my work was created, in whole or in part, using artificial intelligence tools, I agree to declare this and specify the extent of such assistance.
- I agree that my creation may be exhibited at the CMU and published on the Faculty's and UNIGE's social media, as well as on their official website, as part of the 150th anniversary celebrations. This non-exclusive and free licence is granted for a period of two years from the submission date. It includes the right to reproduce, display, communicate to the public, and distribute the creations, as well as to make technical adaptations that do not alter the work and are necessary for its dissemination.
- I agree that my last name, first name, and UNIGE affiliation may be associated with the creation when published.
- I consent to the processing of my personal data (name, first name, email, creation) by UNIGE solely for the management of the contest and the publication of the results.
- I accept that UNIGE cannot be held responsible for any harm caused by publications or reproductions made by third parties on external platforms beyond its control, or on any other medium.
- I agree to indemnify UNIGE in the event of a violation of third-party rights or of the above declarations.
