Bioinformatics

2019 SIB Bioinformatics Awards

Honouring excellence in bioinformatics

More information: www.sib.swiss/sib-awards

- **SIB Early Career Bioinformatician Award**

An international award recognising the excellence and promise of a researcher's early career focussing on the *in silico* analysis of biological sequences, structures or processes.

Call for entries: **10 January – 31 March 2019 23:59 CET**

- **SIB Best Swiss Bioinformatics Graduate Paper Award**

A national award recognising outstanding paper published by a graduate student in the area of *in silico* analysis of biological sequences, structures or processes.

Call for entries: **10 January – 31 March 2019 23:59 CET**

- **SIB Bioinformatics Resource Innovation Award**

An international award recognising newly developed bioinformatics resources with an important impact on life science research

Call for entries: **4 February – 30 April 2019 23:59 CET**

Why
should you
apply?

All Awards carry a cash prize and Laureates will be invited to give a plenary talk during the awards ceremony of the 14th [BC]² Basel Computational Biology Congress (part of the Basel Life Conference, 9-12 September 2019, Switzerland).
