

GCIR - Geneva Centre for Inflammation Research

SEMINAR: GRAFT-VERSUS-HOST DISEASE

Friday 21 November 2025

Renold Auditorium CMU

14h30 - 16h00

Pr Florent Malard, Hôpital Saint-Antoine, Paris, France

Microbiome modulation in patients undergoing allogeneic hematopoietic cell transplantation

Pr Simona Pagliuca, CHRU Nancy, Université de Lorraine, France

Determinants of alloreactivity in allogeneic hematopoietic stem cell transplantation for myeloid neoplasms: graft-versus-leukemia effect versus graft-versus-host disease

Pr Federico Simonetta, GCIR, UNIGE Faculty of Medicine

Molecular imaging of graft-versus-host-disease

Dr Chiara Bernardi, (Short talk) GCIR, UNIGE Faculty of Medicine

Influence of time-of-day of graft infusion on allogeneic hematopoietic stem cell transplantation outcomes
