

Seminar in Microbiology

Monday, September 9th, 2019

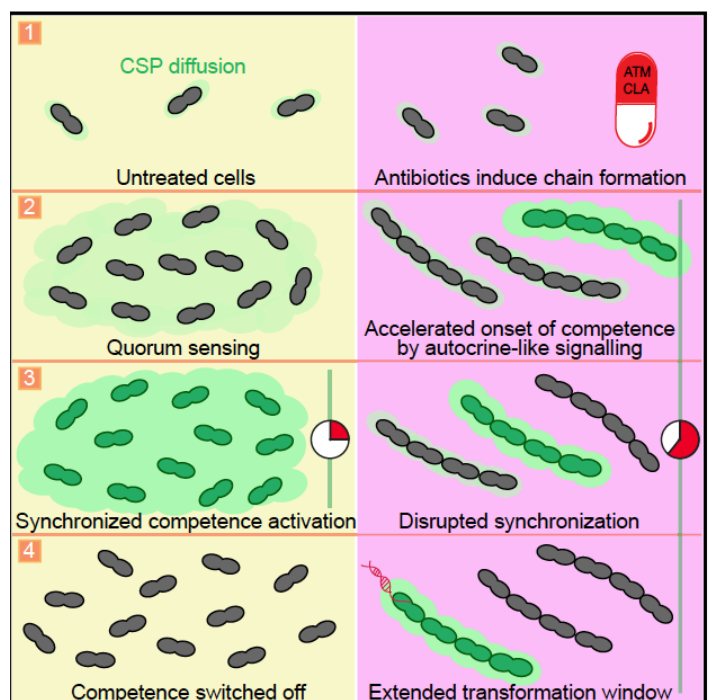

Salle de séminaire, E07.3347.a, CMU

11:30 – 12:30

Arnau Domenech
Dep. of Fundamental Microbiology,
University of Lausanne

Antibiotic resistance in *Streptococcus pneumoniae*: from epidemiology to fundamental biology

Domenech A, Slager J, Veening JW.
Antibiotic-Induced Cell Chaining Triggers
Pneumococcal Competence by Reshaping Quorum
Sensing to Autocrine-Like Signaling.
Cell Rep. 2018. 25: 2390-2400.
