

SMALL ANIMALS PHENOTYPING (PdPA)

Dr Franck Bontems - 379 52 16 - franck.bontems@unige.ch

Dre Christelle Veyrat-Durebex - 379 52 16 - christelle.veyrat-durebex@unige.ch

General informations : Access to the CMU is only granted to employees whose activities require a physical presence. All activities that do not involve physical manipulation (i.e. data analyses, labmeetings, administrative works, etc...) must be carried out from home. **People presenting one or more symptoms of Covid-19 must follow the self-isolation and quarantine rules set by the FOPH.**

Directives related to COVID-19 on the Small Animal Phenotyping platform / Plateforme de Phénotypage du petit animal (PdPA)

1. Authorized people from the platform: Franck Bontems, Christelle Veyrat-Durebex
2. Staff will access to the facility if the activities require a physical presence: Experiments, assistance/training to researcher, maintenance etc...).
3. All activities that do not require a physical presence should be done from home (data analyses, meetings, editorial help for researcher etc...).
4. Collaborators who need access to the platform should contact the staff **at least 72 hours in advance by phone or by email**. The staff will then organise the use and access for collaborators to limit physical contacts.

Rooms concerned

Access to the 2d floor (D02.2052a) :	<u>1. Animal room (11 m²): 1 person only</u> <u>2. LabMaster room (22 m²): 1 person only</u>
Access to EchoMRI (C05.1741):	PHYM central block (<u>22 m²</u>): 1 person only
Access to staff office (D05.1550):	For camera/clamps procedure (<u>22 m²</u>): 1 person only

If two persons should be present at the same time (staff/researcher), considering the size of our rooms, surgical masks should be worn by all persons concerned and social distancing (2 m) respected as much as possible.
