Publications

Articles scientifiques

1. **Escher M**, Lamuela M, Bollondi C, Flores P, Hurst SA. Should gratitude be a requirement for access to live organ donation ? *Journal of Medical Ethics* 2017 ; 0 :1-4
2. Finckh A, **Escher M**, Liang MH, Bansback N. Preventive treatments for rheumatoid arthritis: issues regarding patient preferences. *Current Rheumatology Reports* 2016;18 (8):1-10
3. Rollason V, Spahr L, **Escher M**. Severe liver injury due to a homemade flower pollen preparation in a patient with high CYP3A4 enzyme activity: a case report. *European Journal of Clinical Pharmacology* 2016; 72:507-508
4. Bosilkovska M, Ing Lorenzini K, Rao Uppugunduri C, Desmeules J, Daali Y, **Escher M**. Severe vincristine-induced neuropathic pain in a CYP3A5 nonexpressor with reduced CYP3A4/5 activity: case study. *Clinical Therapeutics* 2016 ;38 :216-220
5. **Escher M**, Perrier A, Rudaz S, Dayer P, Perneger TV. Doctors' decisions when faced with contradictory patient's advance directives and health care proxy opinion: a randomized vignette-based study. *Journal of Pain and Symptom Management* 2015;49:637-645
6. Delaloye S, **Escher M**, Luthy C, Piguët V, Dayer P, Cedraschi C. Volunteers trained in palliative care at the hospital: an original and dynamic resource. *Palliative and Supportive Care* 2015;13:601-607
7. Rodieux F, Nieto N, Sunthorn H, John G, **Escher M**. Abiraterone acetate-induced life-threatening torsade de pointes. *Annals of Pharmacotherapy* 2015 ;49 :152-153
8. **Escher M**, Perneger TV, Rudaz S, Dayer P, Perrier A. Impact of advance directives and a health care proxy on doctors' decisions: a randomized trial. *Journal of Pain and Symptom Management* 2014;47:1-11
9. Bouatou Y, Samer CF, Ing Lorenzini K, Daali Y, Daou S, Fathi M, Rebsamen M, Desmeules J, Calmy A, **Escher M**. Therapeutic drug monitoring of voriconazole: a case report of multiple drug interactions in a patient with an increased CYP2C19 activity. *AIDS Research & Therapy* 2014;11:25
10. Novotny F, Haeny S, Hudelson P, **Escher M**, Finckh A. Primary prevention of rheumatoid arthritis: a qualitative study in a high-risk population. *Joint Bone Spine* 2013;80:673-674
11. Héritier Barras AC, Adler D, Iancu Ferfoggia R, Ricou B, Gasche Y, Leuchter I, Hurst S, **Escher M**, Pollak P, Janssens JP. Is tracheostomy still an option in amyotrophic lateral sclerosis? Reflections of a multidisciplinary work group. *Swiss Medical Weekly* 2013; 143:w13830
12. Bossert P, **Escher M**, Gilbert de Vautibault C, Dulguerov P, Allal A, Desmeules J, François R, Herrmann FR, Pautex S. Effect of topical morphine (mouthwash) on oral pain due to chemo- and/or radiotherapy induced mucositis: a randomized double-blind study. *Journal of Palliative Medicine* 2010;13:125-128
13. **Escher M**, Chevrolet JC, Heidegger CP, Perneger TV. Admission of incompetent patients to intensive care: doctors' responsiveness to family wishes. *Critical Care Medicine* 2009;37:528-532

14. **Escher M**, Daali Y, Chabert J, Hopfgartner G, Dayer P, Desmeules J. Pharmacokinetic and pharmacodynamic properties of buprenorphine after a single intravenous administration in healthy volunteers: a randomized, double-blind, placebo-controlled, crossover study. *Clinical Therapeutics* 2007 ;29:1620-1631
15. **Escher M**, Perneger TV, Chevrolet JC. National questionnaire survey on what influences doctors' decisions about admission to intensive care. *British Medical Journal* 2004 ;329 :425-428
16. **Escher M**, Desmeules J, Giostra E, Mentha G. Kava-related hepatitis - toxicity of an herbal remedy for anxiety. *British Medical Journal* 2001 ;322 :139
17. **Escher M**, Sappino A-P. Primary care physicians' knowledge and attitudes towards genetic testing for breast-ovarian cancer predisposition. *Annals of Oncology* 2000 ;11 :1131-1135

Articles professionnels

1. **Escher M**, Nendaz M, Ricou B. Admission aux soins intensifs d'un patient en soins palliatifs : enjeux et facteurs influençant la décision. *Revue Médicale Suisse* 2017 :323-325
2. Roulet L, Luthy C, Garin N, Di Pollina L, Zoccatelli D, **Escher M**, Desmeules J, Piguet V. Recommandations interdisciplinaires du réseau douleur des HUG. Rotation des opioïdes : de la théorie à la pratique. *Revue Médicale Suisse* 2011 ;7:1400-1404
3. O'Hayon Naïm R, **Escher M**. Antalgiques en automédication : quels sont les risques ? *Revue Médicale Suisse* 2010 ;6 :1338-1341
4. **Escher M**, Mazzocato C, Pautex S. Accès aux soins palliatifs : quels obstacles pour quels patients ? *Revue Médicale Suisse* 2008 ;4 :470-474
5. **Escher M**. Obstacles à la prise en charge de la douleur cancéreuse. *Douleur et Analgésie* 2006 ;19 :47-50
6. Desmeules J, Vogt-Ferrier N, Piguet V, **Escher M**, P. Dayer. L'apport des inhibiteurs COX-2 sélectifs en soins palliatifs. *Médecine et Hygiène* 2002 ;60 :1301-1306
7. **Escher M**. Les antagonistes μ : de nouvelles perspectives dans le traitement de la constipation aux opioïdes. *Douleur et Analgésie* 2001 ;3 :151-153
8. Pautex S, Bizon M, **Escher M**, Steiner N, von Wyss M. Evaluation des symptômes en fin de vie et leur soulagement. *Infokara* 2001 ;63 :11-1
9. **Escher M**, Dayer P. Les bases pharmacologiques de la rotation des opioïdes. *Médecine et Hygiène* 2001 ;59 :829-832
10. **Escher M**, Dayer P. Rotation d'opioïdes: une alternative dans la prise en charge de la douleur cancéreuse. *Médecine et Hygiène* 2000 ;58 :831-833
11. **Escher M**, Piguet V. Cancer et douleur: égalité entre hommes et femmes. *Infokara* 1999 ;55 :8-14
12. **Escher M**, Piguet V, Dayer P. Un emploi médical pour le cannabis? *Médecine et Hygiène* 1999 ;57 :785-792

Chapitre de livre

Escher M, Hurst S. The ethics of research on pain and other symptoms for which effective treatments already exist. In: *Clinical Ethics in Anesthesiology : A Case-Based Textbook*. Ed. Van Norman GA et al. Cambridge University Press, 2011

Thèses

Escher M. Non medical factors influencing the admission to intensive care at the end of life. Thèse de privat-docent, Faculté de médecine, Université de Genève, 2015

Escher M. Ethique et vulnérabilité. Une contribution à la prise en charge du patient en soins palliatifs. Mémoire de pré-doctorat en philosophie, Master of Advanced Studies en « Bioéthique, éthique

médicale et éthique de la recherche sur l'homme », Faculté de biologie et de médecine et Faculté de théologie et de sciences des religions, Université de Lausanne, 2008

Escher M. Dépistage des prédispositions génétiques au cancer du sein. Perception et intégration de la génétique prédictive: une enquête auprès des médecins praticiens. Thèse de doctorat, Faculté de médecine, Université de Genève, 1999

Présentations à des congrès

1. **Escher M**, Hudelson P, Nendaz M, Ricou B, Perneger T, Cullati S. Medical collaboration during ICU admission decisions for seriously ill patients: a qualitative study of internists' and ICU physicians' perceptions. 15th World Congress of the European Association for Palliative Care, 2017
2. **Escher M**, Cullati S, Nendaz M, Ricou B, Hudelson P, Perneger TV, Dayer P. The role of code status in the triage of hospitalized seriously ill patients to intensive care: a qualitative study of internists' and ICU doctors' experiences. 14th World Congress of the European Association for Palliative Care, 2015
3. **Escher M**, Cullati S, Nendaz M, Ricou B, Hudelson P, Perneger TV, Dayer P. The role of code status in the triage of hospitalized seriously ill patients to intensive care: a qualitative study of internists' and ICU doctors' experiences. 83^{ème} Assemblée annuelle de la Société suisse de médecine interne, 2015
4. Pautex S, Herrmann F, Beauverd M, Bernard M, Cantin B, Pralong J, Thollet C, Bollondi C, Ducloux D, Delaloye S, Vayne-Bossert P, **Escher M**. Validation of three different French forms of ESAS. 14th World Congress of the European Association for Palliative Care, 2015
5. Cullati S, Hudelson P, Ricou B, Nendaz M, Perneger TV, Dayer P, **Escher M**. The importance of advance care planning for seriously ill patients. A qualitative study of doctors' experiences about admission to intensive care. 8th World Research Congress of the European Association for Palliative Care, 2014
6. **Escher M**, Cullati S, Hudelson P, Ricou B, Nendaz M, Perneger TV, Dayer P. Factors influencing the decision to admit a seriously ill patient to intensive care. A qualitative study of internists' and ICU doctors' experiences about decision-making. Séminaire annuel de la Société suisse de bioéthique médicale, 2014
7. Pautex S, Bollondi C, Dumas J, Renais C, Russillon D, Gelez S, **Escher M**. Sensibilisation» aux soins palliatifs de tous les professionnels de la santé: Un partenariat genevois. Congrès national des soins palliatifs, 2014
8. **Escher M**, Perneger TV, Rudaz S, Dayer P, Perrier A. Impact of advance directives and of health care proxy opinions on difficult clinical decisions: a randomized study. 7th World Research Congress of the European Association for Palliative Care, 2012
