

Dr Dunfu Zhang, Professor of Sociology at the School of Sociology and Political Sciences of Shanghai University, works on international and national projects related to the sociology of consumption, consumer culture, and urban China. His visiting professorship includes Harvard University and the University of Manchester. He is principal investigator (PI) for two projects funded by the National Social Science Fund of China, and will be the Shanghai lead for a new project financed by the Swiss Network for International Studies: *“Green public spaces and sustainable cities in South and Southeast Asia: Integrating needs and societal wellbeing”*, coordinated by the University of Geneva (Department of Sociology and Institute of Environmental Studies, 2018-2020).

For further information on the project, please visit.
