

Cellular Microbiology Symposium

Friday, May 3, 2019

University of Zürich
UZH Main Building
Lecture Room UZH KO2-F-152

Speakers:

Sergio Grinstein (Toronto, CA)

Urs Greber (Zürich, UZH)

Elisabeth Hartland (Melbourne, AU)

Hubert Hilbi (Zürich, UZH)

Neil Gow (Exeter, UK)

Julia Vorholt (Zürich, ETHZ)

Organised by Hubert Hilbi (UZH) and
Thierry Soldati (Cellular Microbiology)

Everybody welcome.

Contacts: hilbi@imm.uzh.ch

Cellular Microbiology Symposium

Program

- 09h00 – 09h30 **Sergio Grinstein**
Lipid-gated ion fluxes drive endocytic traffic
- 09h30 – 10h00 **Urs Greber**
*From entry to transcription –
unraveling the variability in virus infection*
- 10h00 – 10h30 **Elizabeth Hartland**
EPEC and Shigella host interactions
- 10h30 – 11h00 **Coffee Break**
- 11h00 – 11h30 **Hubert Hilbi**
*Formation of a pathogen vacuole
according to Legionella*
- 11h30 – 12h00 **Neil Gow**
*Using the immune system to understand
the structure of fungal pathogens*
- 12h00 – 12h30 **Julia Vorholt**
*Single-cell perturbation and analysis
using fluidic force microscopy*
- 12h30 – 14h00 **Free lunch for speakers
and participants**
