Assistant professor SNF Eccellenza in theoretical/computational chemistry

The Department of Physical Chemistry (DPC) of the University of Geneva is seeking for applicants to a [SNF Eccellenza 2022 Fellowship](#) for a position of assistant professor in theoretical/computational chemistry. Preference will be given to candidates with a research program offering possibilities for collaboration with the research groups of the DPC and the School of Chemistry and Biochemistry. This hiring is done in the perspective of the opening of an associate/full professor position in theoretical/computational chemistry in 2025.

Applications including a CV, a list of publication and a research plan (maximum 5 pages), should be sent to the director of the DPC (eric.vauthey@unige.ch) before **October 15**. Interviews will be organised in November 2020. The starting date is as soon as possible.

Further information can be obtained from E. Vauthey.
