

**UNIVERSITÉ
DE GENÈVE**

FACULTÉ DES SCIENCES

The
Department of Organic Chemistry
at the
University of Geneva
invites applications for
Eccellenza Professorships
“Swiss ERC” Starting Grants
from the
Swiss National Science Foundation

Eccellenza Professorships have been created to offer perfect conditions to start an academic career at the level of an Assistant Professor. Their combination with “Swiss ERC” Starting Grants without restrictions is under consideration. The deadline, expected early 2022, will be communicated as soon as the call is open.

Applications from candidates with an outstanding research record in any discipline in organic chemistry are welcome.

Please send cover letter, curriculum vitae, publications list and a 2 page research proposal by November 30, 2021, to the Director of the Department, Professor Stefan Matile: stefan.matile@unige.ch.
